"For Restful Sleep"

Revised Catalog of

Crescent Line-Steel Beds, Springs and Cots

Showing our new designs of gracefulness and beauty . . . the last word in bed designing, built on our long experience and by skilled mechanics.

In presenting this catalog to you, we wish you every success that follows "Crescent Line Dealers" from the Atlantic to the Pacific, to whom we extend our thanks for past favors, with the assurance that we, at all times, are striving to merit the kindly spirit and goodwill with which you have received our products in the past.

Our All Steel Reversible Lock

One of the salient features of the new line of Crescent beds is the ALL STEEL REVERSIBLE LOCK.

This lock lends to a bed strength and rigidity combined with grace and beauty. Then too, the lock is absolutely unbreakable, in fact, it is built for the express purpose of lasting a life-time. This steel lock is reversible, facilitating the use of any type of spring desired.
